How much to order: Property Management

Multi-property orders are consolidated by SKU and then split per building, so every site receives the same standard.

Item group	Basis	Reference quantity	Notes
Bed linen sets	Per room	3 sets	One SKU across all properties
Bath towels	Per room	4 pcs	Same weight everywhere
Bathroom amenities	Per room / per day	1 set	One format for all sites
Slippers	Per room / per stay	2 pairs	Standard or per-property brand
Cleaning supplies	Per building	Monthly cycle	Consolidated by SKU
Waste bins & bags	Per building	Monthly cycle	Colour-coded streams
Housekeeping cart	Per 50 rooms	1 unit	Standard model for spares
Split delivery	Per site	As scheduled	Delivered to each building

An annual framework fixes the price list and SKUs; deliveries are released against the framework as each site needs stock.

Source with confidence. Deliver a better guest experience.
